

ÇUKUROVA CITY COUNCIL

Women platform has started new term activities. In 2012/2013 our biggest aim is creating a City Council in our district. Purpose of our activity is increase efficiency in management by STÖ.

Because of starting new term activities, in meeting Mayor of Çukurova, Yıldırım Arıkan, gave the start to create City Council. Mayor Arıkan said "Every from Çukurova who has citizenship must be artier in management." There has to be pluralist idea to determine and solve problems of Çukurova, also it is very important to be arti er in management about participation by citizen so we have to create immediately Çukurova City Council.

Çukurova Woman platform's Spokeswoman Ms Sema Yapıcı, talked about the legal framework to create City Council, work style and create branches. She spec ify there will be more radical touch to determination and solution our district problems and this will be new step for the formation of a democratic after structuring Çukurova City Council.

Note: City council is a consultative for local administrator. Comission consists of many committees as environmental, health, women, immigration and integration, violence against women, disabled, poverty, unemployment, etc. Local problems and solutions for this problem's discus by committees than prepared a report and presented by the local authority. All members of comission are representatives of all NGOs.
